Councilmember Baker led the invocation.

VISITORS COMMENTS

PRESENTATIONS

Mayor Roznovsky proclaimed September 11, 2022 as Patriots Day.

Jonathan Phillips recognized the 2022 Lake Jackson Female Athlete of the Year – Emerson Montgomery

Jonathan Phillips recognized the 2022 Lake Jackson Male Athlete of the Year – Derek Gonzalez

DECLARATION OF CONFLICTS OF INTEREST

There were no declarations of conflicts of interest.

CONSENT AGENDA

1. Approval of minutes – August 15, 2022
2. Accept Board and Commission minutes:
 - a) Parks Board – 071922
3. Adopt Ordinance 22-2251 amending Ch. 102.1 by revising fees charged for water, sewer, garbage and dumpster services- second reading
4. Approve proposed fee schedule for the Civic Center, Jasmine Hall and South Parking Place

5. Approve Interlocal Agreement with Brazoria County for road and bridge maintenance
6. Approve Yellowstone Landscape in an amount not to exceed \$112,776 under Choice Partners Contract for contract mowing
7. Approve one year mowing contract extension to Scott & Company (DBA Southern Oaks) in an amount not to exceed \$384,020
8. Approve license to allow Northwood HOA to install private Flock security cameras in right-of- way on Deerwood and Northwood Drives
9. Authorize City Manager to execute contract with NewGen Strategies & Solutions for solid waste cost of service and rate design study in an amount not to exceed \$39,500

On motion by Councilmember Singhania, seconded by Councilmember Seth with all present members voting "aye," the consent agenda was approved as follows: Items 1-7 and item 9 were approved, and item 8 was removed for a future regular agenda item.

1. Approval of minutes – August 15, 2022 - *approved*
2. Accept Board and Commission minutes: *accepted*
 - a) Parks Board – 071922
3. Adopt Ordinance 22-2251 amending Ch. 102.1 by revising fees charged for water, sewer, garbage and dumpster services- second reading - *adopted*
4. Approve proposed fee schedule for the Civic Center, Jasmine Hall and South Parking Place- *approved*
5. Approve Interlocal Agreement with Brazoria County for road and bridge maintenance- *approved*
6. Approve Yellowstone Landscape in an amount not to exceed \$112,776 under Choice Partners Contract for contract mowing- *approved*
7. Approve one year mowing contract extension to Scott & Company (DBA Southern Oaks) in an amount not to exceed \$384,020 - *approved*
8. Approve license to allow Northwood HOA to install private Flock security cameras in right-of- way on Deerwood and Northwood Drives – ***item removed for future regular agenda***
9. Authorize City Manager to execute contract with NewGen Strategies & Solutions for solid waste cost of service and rate design study in an amount not to exceed \$39,500- *approved*

DISCUSS AND CONSIDER REQUEST TO DEDICATE ONE LANE OF TRAVEL GOING NORTH ON OAK DRIVE TO LINDEN LANE, ONE LANE DOWN LINDEN LANE AND A PORTION OF A SOUTHBOUND LANE ON THAT WAY FOR THE ANNUAL TURKEY TROT EVENT TO BE HELD ON THURSDAY, NOVEMBER 24, 2022, FROM 7:30 A.M. TO 10:30 A.M.

Amy Laney went over the route of the event and stated there are no changes from previous years. This event has been going on for ten years. Mayor Roznovsky informed Ms. Laney that if there are no changes to the route or event, council could consider granting permission without her having to come each year. This is only if there are no changes to the route or event. If any changes are made, then it must come before council for approval.

Chief Kibodeaux shared that this event has always been very well run with everything taken care of. There have not been any issues in the past.

On motion by Councilmember Seth, seconded by Councilmember Singhania with all present members voting "aye," the request to dedicate one lane of travel going north on Oak Drive to Linden Lane, one lane down Linden Lane and a portion of a southbound lane on That Way for the annual Turkey Trot event to be held on Thursday, November 24, 2022 from 7:30 a.m. to 10:30 a.m. was approved.

DISCUSS AND CONSIDER REQUEST FOR A ONE LANE CLOSURE ON THE OUTER NORTHBOUND LANE OF DIXIE DRIVE ALONG THE SLADE PARKING LOT FROM THE LIGHT AT BRAZOSWOOD DRIVE TO THE FIRST ENTRANCE TO THE BRAZOSWOOD 9TH GRADE ROAD ON SATURDAY, SEPTEMBER 17, 2022, FROM 7:30 A.M. TO 10:30 A.M. FOR THE BISD 5K RUN

Rebecca Kelley stated this is the first annual BISD Family 5K. There are over 400 active participants as of today. The request is to close a lane of Dixie Drive from Brazoswood Drive to the ninth-grade entrance. They have worked with BISD Chief of Police, Clute City Council and Clute Chief of Police to ensure a safe route. There will be 20 police officers between the City of Lake Jackson and the City of Clute directing traffic. Cones will also be set out for the run.

Chief Kibodeaux noted that it will be safe because the section being requested is very small and being coned off with officers on each end.

On motion by Councilmember Baker, seconded by Councilmember Blanchard with all present members voting "aye," the request for a one lane closure on the outer northbound lane of Dixie Drive along the Slade parking lot from the light at Brazoswood Drive to the first entrance to the Brazoswood 9th grade road on Saturday, September 17, 2022 from 7:30 a.m. to 10:30 a.m. for the BISD 5K run was approved.

DISCUSS AND CONSIDER THE PARKS BOARD RECOMMENDATION TO ALLOW THE BRAZOSPORT DAYLILY SOCIETY PERMISSION TO DEDICATE A DAYLILY BED TO PAST MEMBER DR. ARTURO IMPERIAL

Bryce Carlton stated the size of the Daylily bed will be 19 ft. deep by 38 ft. wide. It will be placed around the flagpole of the memorial bed at MacLean Park in honor of Dr. Arturo Imperial. There will be a plaque either 4" x 6" or 8" x 10" in size. The Daylily club will maintain the bed up to four times a year.

On motion by Councilmember Singhania seconded by Councilmember Baker with all present members voting "aye," the dedication of a Daylily Bed to past member Dr. Arturo Imperial was approved.

DISCUSS SIGNS AND ACCUMULATION AT 311 PINE

Chuck Cates – 113 Pine

Mr. Cates shared comments about the signage and situation at 311 Pine. He stated the situation has gone viral on social media. There are people passing by stopping all day to take pictures of the signs.

He read a letter from a resident at 307 Pine Street that was unable to make the meeting. The letter pointed out the danger of cars passing by and stopping or not paying attention when kids are riding their bikes. It also stated the value of their property declines with the neighbor's vulgar signs. Mr. Cates shared that he thinks this has gotten out of control.

Councilmember Seth stated she took offense to a comment made by Mr. Cates at a previous meeting insinuating that council would have taken care of the problem if it were happening in one of their neighborhoods. Councilmember Seth stated council does not receive special privileges.

Councilmember Seth asked if anyone had tried to talk to Ms. Williams. Mr. Cates replied that Ms. Williams is racist and does not want to talk to anyone. This has been going on since January 2021.

Mary Helen Israel – 326 Pine Street

Ms. Israel stated she has lived on Pine Street since 1960. She is embarrassed to say she lives on a street where the city allows vulgar signs in the front yard. Ms. Israel said she'd like to set the house on fire. She would like to see the city do something about it.

Roberto Rodriguez – 322 Pine Street

Mr. Rodriguez stated he has a young son who is learning how to read. He believes it is up to the city to expunge the obscenities that are at 311 Pine.

Sherry Hunter – 117 Mesquite Street

Ms. Hunter stated she has lived in the area for seven years. She shared how her, and her neighbors monitor their street. They all have cameras and monitor all the activity on her street.

Gloria Williams – 311 Pine Street

Ms. Williams said she has been called a lot of things, but racist is not one of them. That is based on assumption.

Ms. Williams said she is unable to do anything at her house without neighbors calling the police on her. There are pages and pages of complaints on her from her neighbors. She does not threaten anyone. She has been threatened by people saying they will shoot her dogs. Ms. Williams said she pays her taxes and has freedom of speech and is using that to the fullest.

Ms. Williams will not make threats of burning someone's house down. This started with terroristic threats from someone who said they would burn her house down. The woman who made that threat was arrested according to Ms. Williams. She said that the comments in the audience are from adults acting like children.

Mayor Roznovsky asked Ms. Williams if she could do anything to calm the situation. Ms. Williams said she has tried. Ms. Williams stated a gentleman in the audience made a report that she was going to sic her dog on him. She said her cameras revealed it was not true.

Councilmember Seth stated that she likes to keep government out of her business as much as possible. This requires citizens to take responsibility for their actions. She noted this is the third time this topic has come before council and asked if there was any way for Ms. Williams and her neighbors hit a reset button and work together. Pull the signs down, set a better example as adults, and everyone mind their own business.

Ms. Williams stated she is in compliance with the city's ordinances. Councilmember Seth acknowledged that she is in compliance. She would just like for them to work with each other and be good neighbors.

Ms. Williams stated she has three vehicles and will bring in an additional two vehicles.

Kevin Maier – 313 Pine Street

Mr. Maier stated the situation started when Ms. Williams came into his yard and tried to pull the fence up. He said there is a video of her siccing her dogs on him. Ms. Williams denied this claim.

Councilmember Singhania said if things cannot be put behind them, the bickering back and forth will continue.

Councilmember Baker asked that they start anew going forward.

Beth Cates – 310 Pine

Ms. Cates stated she has never called the police department. Ms. Cates stated she and the neighbors would just like the signs gone. Ms. Cates mentioned her three grandchildren see the signs every day.

Ms. Williams stated unless she is doing something illegal, she would not abide by other people's likings.

Ms. Williams said she would not remove the signs, she likes them. She minds her own business, goes to work, and comes back.

Councilmember Singhania asked Ms. Williams if she had young kids, grandkids or relatives, would she want to explain to them what the signs mean? Ms. Williams did not answer the question.

Councilmember Baker said he came to this city in 1987. Everyone wanted to be in the City of Enchantment. It is a respected City. Councilmember Baker said this is the image he would like to see continue.

Mr. Maier offered his apology for anything he has said or done in the past.

Councilmember Blanchard commented that life is too short. He understands that Ms. Williams has the right to freedom of speech. He just wanted everyone to take a breath and live life happily. He hoped that everyone could meet in the middle.

Mary Beth Womack – 214 Pine Street

Ms. Womack stated she walks her dog every day. The children in the neighborhood are sweet and vulnerable, and they see the vulgar signs. She felt the signs are a method of bullying and adults must set a standard.

Mr. Mundo stated staff has spoken to Ms. Williams about certain code violations which she has corrected. The size of the sign is in compliance. There are no junk vehicles on her property. The parking of her vehicles meets the parking ordinance. If Ms. Williams adds more cars, she would need to park on an improved surface.

Ms. Russell stated no level of government can regulate content as long as it is not obscene. Obscene does not mean curse words. Ms. Williams is using her right of free expression on her private property. At this point, the city has regulated all they can.

Mr. Cates noted that he thinks Ms. Williams has taken to mentoring on how to do this type of stuff.

Mr. Rodriguez asked what the city's definition of obscene is.

Ms. Russell shared that the Supreme Court has defined the definition of obscene. It must be attached to a sexual act.

Mayor Roznovsky shared that this is a growing concern in the county with borderline hatred signs. He also asked that everyone take a breath and reset. As Councilmember Blanchard stated earlier "Life is short."

DISCUSS AND CONSIDER REQUEST TO ALLOW STUDENTS TO KEEP RABBITS WITHIN THE CITY LIMITS FOR FUTURE FARMERS OF AMERICA PROJECTS

Ms. Kilsby – 111 Old Angleton Road

Ms. Kilsby shared that they recently learned that Lake Jackson does not allow rabbits within city limits. She noted that Brazoswood Future Farmers of America (FFA) does not have a barn for students who raise animals. She discussed the FFA membership at Brazoswood.

Ms. Kilsby asked council to consider an ordinance allowing FFA students to keep animals at their home for their FFA projects with approval for their habitat with annual inspections or whatever is deemed necessary. She was mainly asking for smaller animals such as rabbits and chickens. She noted the advantages for children in giving them responsibility and involvement in school projects.

Councilmember Seth shared that she does not want to keep rabbits or chickens in her backyard but feels

there should be a way to regulate it to accommodate everyone.

Councilmember Singhania shared that his son grew up in the 4H program and if he wanted to participate, they had to find a place for his horse. He suggested that these students find a place in the county that provide shelter for these types of animals. He just offered this as another avenue.

Ms. Kilsby stated they reached out to their FFA program for other avenues, and she was encouraged to come before city council for help. It's hard for students who do not drive to care for animals that are not at their home.

Councilmember Seth stated council has the ability to regulate how many animals would be allowed.

Mayor Roznovsky asked Ms. Kilsby how many animals they have. Her daughter and son combined show nine rabbits with two to three for each breed. Their property is just under four acres.

Ms. Kilsby's daughter explained why they have more than just one rabbit per breed for shows. Ms. Kilsby stated their rabbits are rehomed when they are no longer used for shows.

Councilmember Seth noted that her neighbors had rabbits and she never smelled them or even knew they had them.

Mayor Roznovsky asked if they breed rabbits. Ms. Kilsby stated that her daughter does breed and the proceeds from the rabbits sold are used for the show rabbits, feed, and habitat.

Mayor Roznovsky mentioned that there are different types of projects in FFA that do not require keeping of animals. By the city not allowing rabbits in the city, it does not limit the students from participating in the program. The current ordinance has been in place for over 40 years.

Mayor Roznovsky also recalled a conversation with Brazoswood Administration noting that if a student wants to take care of an animal that they can't keep in their home, they find a different avenue for taking care it.

Ms. Kilsby stated she reached out to Mr. Massey and they do not have any other avenues for FFA students. FFA students do not get a barn or on campus facilities like athletics. These ordinances limit the choices for student participation.

Ms. Kilsby stated she was here to seek approval, so students are not in violation of the ordinance.

Councilmember Blanchard shared his frustration that BISD does not provide an avenue for their FFA students. He stated that if council is able to come to an agreement, there would have to be a limit on the number of animals.

Jeannie Hurn - Raintree

Ms. Hurn said there is no avenue for the FFA students who want to show animals. This program teaches students responsibility.

Mayor Roznovsky understood Ms. Hurn's concern, but he noted that this program has been around for decades. Students must make arrangements with someone else to house their animals.

Ms. Hurn stated it is time to change the ordinance. She asked why it is so difficult to make an adjustment on this ordinance. Students who want to show avenues should have an avenue to do that.

Ms. Kilsby wanted to know a reason for not allowing harmless animals that are not a nuisance. Many students don't enter FFA because they don't know anyone who can house their animals and no avenues are provided by the school.

Mayor Roznovsky stated an FFA project is not required by FFA. Students can be involved in other areas of the program or work with other students to show an animal.

Ronnie Broaddus - Clute

Mr. Broaddus shared his story when he was in agricultural many years ago.

He felt that the extracurricular activities help keep children out of trouble. It gives them something to do in 4H and keeps students out of trouble. He suggested allowing students to keep the animals.

Gary Hunter – 117 Mesquite

Mr. Hunter does not disagree with students having animals. His concern is once you start allowing bunnies, then people will want goats, pigs and cattle. This is not a farm community. If you are in the city and you wish to show animals, you should consider moving to the county.

Ms. Kilsby's daughter said they are fighting for the rabbits. Moving is not a realistic or fair option for students. Ms. Kilsby once again asked council to consider the request and allow students a legal avenue.

Councilmember Singhania stated that Ms. Kilsby has unique situation with a large lot. He is not opposed to having an ordinance creating parameters to keep rabbits.

Mr. Mundo stated Ms. Kilsby's lot is zoned as an estate lot. The only estate lots are on Old Angleton Road. These lots are a possibility for consideration.

Councilmember Seth referred to the City Charter. Every odd year there is a Charter Review Commission that reviews the charter line by line and proposes changes. She noted that there is nothing that is being asked that cannot be considered for change. She also noted there is a referendum solution that bypasses council and takes matters to the voters. Councilmember Seth would like to see council come to an agreement.

Councilmember Blanchard motioned to continue discussion and create a new ordinance to allow for rabbits with the stipulation that council agrees, seconded by Councilmember Seth with Councilmembers Singhania, Baker, Seth and Blanchard voting "aye," and Mayor Roznovsky and Councilmember Broaddus voting "nay," motioned carried.

DISCUSS AND CONSIDER REQUEST FROM DHK DEVELOPMENT FOR A CURB CUT AT OYSTER CREEK DRIVE FOR A COMMERCIAL PARCEL BETWEEN KROGER'S COMMERCIAL SHOPPING CENTER AND THE WOODSHORE COMMUNITY DRIVE

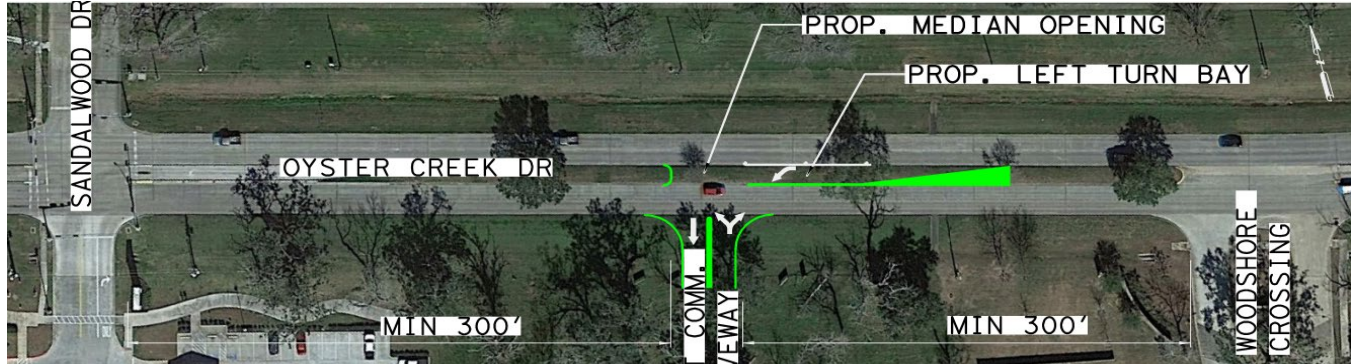

Mr. Konopka, CJ Snipes and Mohammad Huq were present for this discussion.

Mr. Konopka requested a curb cut on the 4-acre piece of commercial property by the Kroger's shopping center. Mr. Konopka stated there may be some trees in the right of way that would need to be removed. He

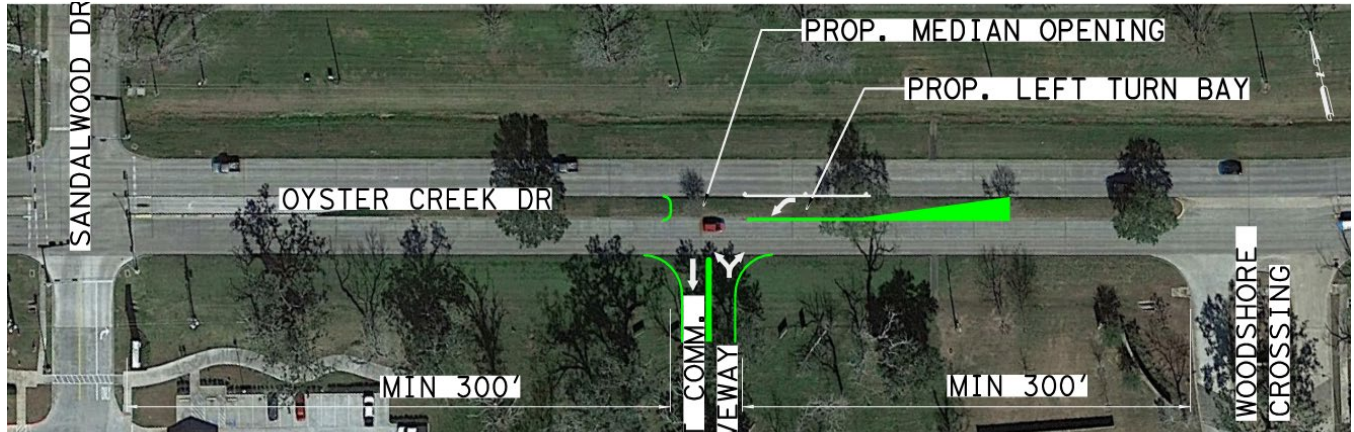

offered to plant 50 trees within the right of way and said this can be discussed in depth further. Mr. Konopka showed the landscape planting concept.

Mr. Huq went over and explained the traffic analysis study results and discussed three alternatives for the west commercial access driveway.

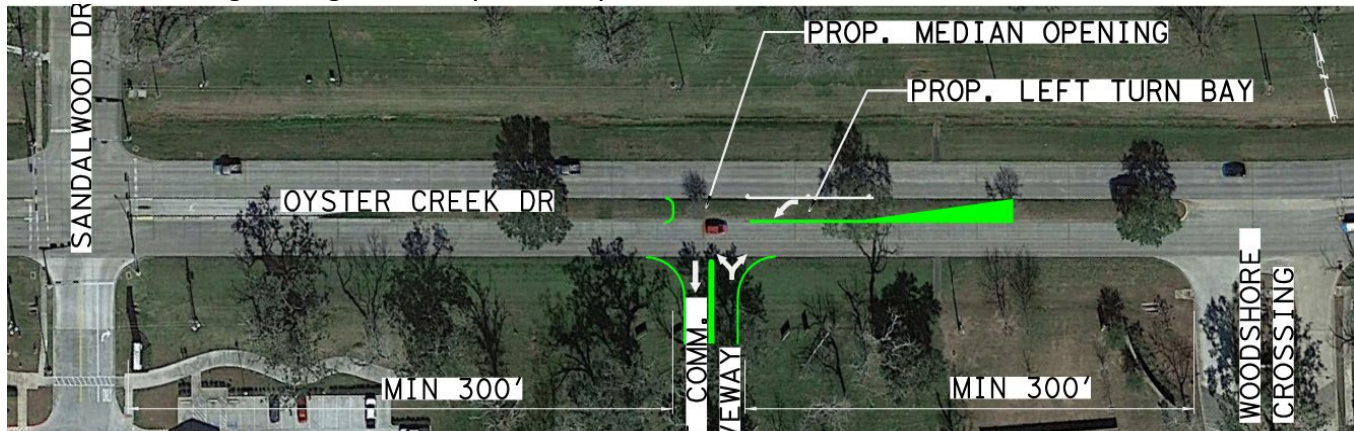

Alternative 1 – Full access driveway with median opening

Alternative 2 – Left in, but no left out driveway

Alternative 3 – Right in right out only driveway

Councilmember Blanchard and Mayor Roznovsky did not like the U-turns or the standard loons to facilitate a U-turn. Mayor Roznovsky stated out of the three options the only one he would consider is option 1. Councilmember Seth agreed.

Councilmember Singhania felt the best option is to get a cross access agreement from the developer. Mr. Konopka stated the City of Clute is undertaking an effort to work with the property owner to get access through their property. He did ask EHRA to disregard that when the traffic study is complete.

Mr. Konopka stated he has an obligation to the City of Clute to develop retail and commercial. It is a requirement in their 380 agreement.

Councilmember Singhania suggested creating one of the three lots an outlet to Woodshore Drive for access. Mr. Konopka stated the three lots have already been sold to a builder. The lots were platted in advance of the Kroger being developed.

Mr. Snipes will meet with the developers to discuss a cross access and retire the 380 agreement. Their approach to the second drive is for safety.

Councilmember Singhania said the curb cut will back up traffic.

There was discussion to have a deceleration and acceleration lane to merge out and into traffic.

Mr. Mundo suggested if council is amiable to an agreement, it be contingent upon having access to either Kroger or Woodshore to give a safety valve that it is not all concentrated at the driveway. Mayor Roznovsky agreed to go forward with the agreement with a contingency of a second access.

Mr. Mundo asked Mr. Huq about the lowest drop in grade at Woodshore Crossing. Does this signify an intersection needs to be signalized. Mr. Huq said signal is not just dependent on level of service.

Mayor Roznovsky restated the only option he would consider would be to have a deceleration and acceleration lane and it be contingent on having a second in and out. Options two and three would not be a good option.

Councilmember Blanchard said to Mr. Konopka that it is very irritating that City Council is having to bend over backwards for his team dropping the ball. It must be contingent on the second entrance and no U-turns.

Councilmember Broaddus asked if the city gets the second access to the Kroger as the contingency, is the cut even necessary?

Mr. Konopka spoke from a developer view, if there is no access to Oyster Creek then you have development occurring at the far east end and those people maneuver all the way back. It just provides another access point for the development. With the access and curb cut, it could potentially take traffic away from the signaled intersection at Sandalwood.

Mr. Snipes stated the median cut is needed for in and out for safety vehicles.

Mayor Roznovsky said if the curb cut is allowed, it eliminates the need for the U-turns.

Councilmember Singhania was not in agreement with the options.

Councilmember Blanchard asked when there would be an answer for the second access. Mr. Snipes said he anticipates an answer by the end of the week.

Councilmember Seth motioned to consider Alternative 1, contingent on a second access and a deceleration and acceleration right lane, no U-turns with 50 trees, seconded by Councilmember Baker with Councilmembers Seth, Baker, Broaddus, Blanchard and Mayor Roznovsky voting “aye,” and Councilmember Singhania voting “nay,” the motion carried.

DISCUSS AN ORDINANCE ALLOWING FOR ADMINISTRATIVE INSPECTIONS OF MASSAGE ESTABLISHMENTS TO CHECK FOR COMPLIANCE WITH STATE LAWS

Ms. Russell stated Mr. Walton led two meetings with massage therapist. Ms. Russell went over the drafted ordinance and changes.

She noted a few of the changes made:

1. Keep all cubicles, rooms, booths, and any area where massage services are provided unlocked.
2. Removed the requirement for a clear obstructed view from outside.

Ms. Russell stated this would come back for a first reading and all masseuses would be invited.

Councilmember Singhania did not agree with allowing blacked-out windows. Councilmember Blanchard also did not agree with blacked-out windows, he wanted to see the clear view requirement put back in the ordinance. Ms. Russell stated the therapist that attended didn't want the tint removed from their establishments due to the heat and sun.

Councilmember Singhania believes the windows could allow for trafficking and will allow an additional layer of concealment.

Ms. Russell will add that the reception area should not be blacked out, but it can have an allowable tint.

This item will come back for first reading at the next meeting.

DISCUSS AND APPROVE THE COUNTY 2023 ROAD PROJECT REQUEST FOR NORTH AND SOUTH SOUTHERN OAKS

Mr. Mundo explained that the County has notified cities requesting the submission of road projects for their consideration. The County Engineer's office has submitted cost of materials which would be covered by the city per the interlocal agreement with the County. The estimated cost of the entire length of Southern Oaks is \$230,000.

If Council is agreeable to the project that staff recommends the project be funded through a combination of Capital Project fund balance and unassigned Covid Relief funds. Staff can bring a budget amendment to the next council meeting.

Mayor noted this street has been patched over and over.

Mr. Aguirre stated he spoke to a county foreman about this job. He was told it was a grinding job of the existing base about 8" down. It is a one-step operation with certain machinery. It would be finished with a 3" layer.

This project could start sometime at the end of the year if weather permits.

Mr. Mundo recommended to look at two funding sources, one being the CIP fund, second the unassigned money from the Covid relief funds.

On motion by Councilmember Seth, seconded by Councilmember Blanchard with all present members voting "aye," the County Road 2023 road project request for North and South Southern Oaks was approved.

DISCUSS AND CONSIDER AN ORDINANCE TO INSTALL A STOP SIGN AT THE INTERSECTION OF JONQUIL AND CYPRESS - FIRST READING

Mr. Mundo read the ordinance caption.

Mayor Roznovsky stated he was not in favor of this item because there has not been a change in this neighborhood. Stop signs will not change the behavior of drivers. He is not in favor of just putting in stop signs.

First reading of the ordinance failed due a to lack of motion. There was no action taken.

CAST BALLOT FOR TEXAS MUNICIPAL LEAGUE INTERGOVERNMENTAL RISK POOL BOARD OF TRUSTEES ELECTION

Ms. Borth went over staff recommendations.

On motion by Councilmember Singhania seconded by Councilmember Seth with all present members voting "aye," votes were cast for Allison Heyward (Place 6), Mary Dennis (Place 7), Louis R. Rigby (Place 8) and Opal Mauldin Jones (Place 9).

UPDATE ON NEW BUSINESS

Mr. Walton went over the new business developments.

Councilmember Singhania noticed the dollar amounts have been removed from the list. He liked them because it indicated if it was a big remodel job.

Mr. Mundo stated the customers did not like the numbers posted. If council would like to see the valuations for commercial property, it can be added.

CITY MANAGER UPDATES

Water leaks - Mr. Mundo gave council a list of leaks and stated that staff is making headway.

Proposed Bond Issue – The three main projects for the WWTP the Headworks, Scada and the electrical.

CONSTRUCTION UPDATES

Ms. Borth stated the animal control facility is going out for bid and council will see it in November.

Downtown canopy project is complete.

ITEMS OF COMMUNITY INTEREST

- Councilmember Blanchard announced the Skate Park Grand Opening on Saturday, September 17, 2022 at 10:00 a.m.
- Councilmember Baker announced the 9/11 event on Sunday.

- Mayor Roznovsky announced the Alden Dow Museum opening on Saturday at 10:00 a.m.

ADJOURNMENT

There being no further business the meeting adjourned at 9:28 p.m.

These minutes read and approved this 19th day of September 2022.

Gerald Roznovsky, Mayor

Sally Villarreal, City Secretary
