GROUP X SCHEDULE

JUNE 2021

Core: Health and strength start with the core. A strong core will help you build a more stable , powerful abdomen and lower back to improve fitness, straighten posture, and provide a foundation for an active daily lifestyle. Your core is responsible for supporting back, spine, and shoulders. This Core class will help with balance, flexibility, and strength.

Deep Water: Gives the benefits of weights, Aerobics and stretching in a non-impact workout that focuses on burning calories and improving all aspects of physical fitness.

Intensive Interval: Interval Training Class (ITC) is a mixture of boot camp/ interval training and focuses on functional fitness. It consists of traditional calisthenics, agility drills, balance movements, core development, and strength training. Each session consists of times stations and is designed to strengthen different muscle groups and can be modified for all levels.

Pilates Core: Core strengthening to improve flexibility, posture and enhance mental awareness. Beginners to moderate level of intensity. Use of stability ball. Bring small towel and water.

Shallow Water: A low impact class paced on for seniors and designed to promote joint flexibility, range of motion, and agility while building cardio fitness and muscle strength.

Spin: Spinning provides amazing cardiovascular training that utilizes the largest muscle groups of the body. It is a non-impact workout that strengthens joints and ligaments, stabilizes muscles and enhances body alignment. Great for all levels.

Strength: Work all muscle groups in this class with a mix of strength and conditioning exercises for the lower and upper body. Using resistance such as hand weights, resistance bands, stability balls, and your own body weight; this class can be adapted to all strength and fitness levels.

Tabata: This is a high intensity class format that will challenge anybody and give a great workout! Alternating short intervals of high energy exercise and rest will keep your body guessing, and help your metabolism kick into high gear.

TRX: TRX suspension training uses your own body weight and gravity to build power, strength, balance, coordination, flexibility, core and joint stability, all while preventing injuries and working at the intensity level you choose.. TRX is the perfect workout for all fitness levels. It allows everyone from beginners to elite athletes to work every muscle group in a single workout, while creating long, lean muscles in the process.

Yoga: Derived from Hatha Yoga, this physical practice creates a balanced flow of asanas (postures) to increase strength, flexibility and balance in a group exercise setting. While focusing on breathing and mindful movements, participants of all levels will build endurance for the mind, body, and spirit.

Zumba®: Fitness in disguise for everybody and every BODY! This Latin and World rhythm based dance fitness class uses both low and high intensity interval style training to get the calories burning on the dance floor! Led by licensed Zumba® instructors whose technique and level of intensity are just as unique as the class itself!
