WHAT YOU CAN DO:

Pick up trash
Rake leaves
Pull weeds
Report hazards
Rake mulch under swings

ABOUT ADOPT A SPOT

Beautiful parks, recreational areas, rights-of-way, and public building grounds require lots of work.

Adopt A Spot is tailored for both individuals and organizations to take an active role in the maintenance and improvement of these areas.

Volunteer efforts have contributed toward ensuring that our Community's public grounds standards for safety and beautification have continued at a high level of performance. These efforts have also had positive impacts on our City budget, specifically reducing labor costs and freeing our city parks staff to work on other important maintenance.
